

MARATHON: THE SECOND PFLHLOOR

READ ME

This is my first completed Marathon map. It is rather large and contains numerous secrets. Try to find them all.

This map can be played for solo carnage, co-op carnage, and every man for himself. For solo and co-op carnage, there really isn't a beginning or end. Just play around in the map. It's good practice. If you are playing every man for himself with 4 or more people, I suggest turning the aliens off. There are quite a few of them.
